

# Everything you get with Terminal+

Run your business anywhere with a sleek, mobile POS solution that pushes the limits of what a terminal can do.

## Back-office tasks

- Price and discount setting
- Search and track stock on hand, based on live data
- Automatic stock level updates from barcode scanner
- Create, load and maintain SKUs
- Set up, track, and manage taxes
- View taxes broken out
- Create custom tax reports
- View data and insights right from the terminal

## Payments

- Payment types: cash, digital wallets/contactless, PIN debit and all major credit cards
- Barcode scanner
- Built-in receipt printer
- Text and email receipts
- Cash discount program
- Credit surcharge program
- Gift cards
- Partial refunds
- Split payments
- Inline and restaurant tipping
- Accept payments from the start without SKUs (quick sales)
- Wifi and 4G data connectivity

## Security

- Customizable user permissions
- Pin-based logins
- Credit card security through Heartland Secure

## Design

- Dynamic display, visible indoors and outdoors
- Handheld device with touchscreen

## As a partner of Heartland

- 24/7 fast and friendly customer support
- Automation to stay compliant with surcharge or cash discounts
